

June 4, 1942

She was doomed,  
Seaman William Surgi  
thought as he slipped  
over the side of the  
torpedoed *Yorktown*.  
Done for. And no one,  
least of all him, was  
ever going to see the  
gallant “Old Lady”  
again...

**Ballard**  
and Rick Archbold  
"The battle ever fought." —Stephen E. Ambrose

**RETURN TO MIDWAY** captures  
both then and now. With alter-  
chapters that document Midway's  
role in World War II history and  
Robert Ballard's daunting mission  
to photograph the battle's most  
shipwrecks. In addition, four  
who fought at Midway in 1942  
returned to Midway in 1998 as part of  
the Ballard expedition provide the  
human connection between the  
book's two stories.

**A narrative both powerful  
and poignant.**

Through the eyes of those four  
veterans — two Americans and two  
Japanese — you'll see what it was  
really like to be in the thick of the  
action at Midway. To fly from a  
flattop. To scissor the skies in  
dogfights. To bomb and to be  
bombed. To be forced to abandon  
ship. And then to return 56 years

later to the very waters that claimed so many  
of your friends' lives.

And their story is only part of the story  
of **RETURN TO MIDWAY**. Because you'll  
also look over the shoulders of Japanese and  
American strategists. Watch Japan strike first  
and strike hard. Be there as American dive-  
bombers turn the tide of battle. And look on

**Close-up, full-color photographs put you  
home in on the drowned U.S.S. Yorktown.**
